EXPERIENCE

FEBRUARY 2022 – PRESENT (PART-TIME CONTRACT)

UX/UI DESIGNER, SIPHLE

Siphle is a start-up software development company that creates lucrative websites for companies. As the UX/UI designer, my core activities include:

- Gathering and evaluating user requirements with the help of my teammates.
- Researching, and creating wireframes, site maps, user flow diagrams and prototypes using InVision and Adobe XD.
- Creating and presenting hi-fi prototypes for Davito services website using Adobe XD.
- Completing tasks before my given deadline.

JANUARY 2022 – PRESENT

CUSTOMER SERVICE REPRESENTATIVE, BILL GOSLING OUTSOURCING

Bill gosling outsourcing is an outsourcing and account management service based in Newmarket, Canada.

- Answering probing questions to customers and providing advice over the phone.
- Identifying and solving problems while providing technical and troubleshooting support.
- Handling inbound calls in a professional, efficient and courteous manner.

OCTOBER 2021 – DECEMBER 2021

UX/UI INTERN, KREER

Kreer is a business development company based in Lagos, Nigeria. As an intern UX/UI designer, my core activities included:

- Designing the look and feel of the website's contact page according to my supervisor and the client with a two-week deadline using Figma.
- Working and learning closely with the junior and senior UX designers to create an easy-to-navigate website for our client.
- Attending and contributing to design process meetings.
